

BSc in Nursing – 60 credit Hours

Nursing majors at SJC-University will:

1. Respond to the diverse healthcare needs of individuals, families, and communities, grounded in evidence-based practice, current research, and a comprehensive understanding of health promotion, disease prevention, and restorative care.
2. Provide compassionate, holistic, and patient-centered nursing care, advocating for the well-being and dignity of all patients, with particular attention to vulnerable populations and those facing health disparities.
3. Foster personal and professional excellence within dynamic healthcare systems, demonstrating effective communication, critical thinking, leadership, and interdisciplinary collaboration in a globalized environment.
